Disclaimer - Your Investment Adviser will give you advice in line with your attitude to risk and you should ensure that the underlying investments recommended meet with your risk profile. Momentum Pensions (Gibraltar) Limited are the Professional Trustees and Operator who ensure your retirement fund is managed in line with the Momentum QROPS Investment Guidelines and Gibraltar Regulatory requirements. We accept our duties and responsibilities as both trustees and operators in full. We do not however, provide investment, tax or legal advice in relation to your fund. Please consult your adviser for advice in these areas.

12. Investment Guidelines

The Momentum Gibraltar Pension Plan ("the Scheme") can hold many different types of investment, subject to applicable regulatory investment restrictions and the following Scheme Investment Guidelines adopted by the Trustee:

- The Members Portfolio ("Portfolio") must be constructed in a manner, which takes into account the underlying Members attitude to risk, assessed by considering the total risk and diversification of the Members Portfolio as a whole.
- Collective Investment Scheme(s) ("CIS") or fund(s) are acceptable, provided when using a look through approach, the CIS or fund(s) within the Portfolio as a whole, has a number of underlying investments or funds which are themselves diversified by sector and/or geographically in a way to avoid accumulations of risk in the Portfolio as a whole. Investment in a single fund may be considered where the above requirements are met.
- Individual corporate/government bond(s) or equities are acceptable provided that no more than 10% of the Members total Portfolio value will be invested in any such individual investment, with the permitted percentage being based on the Portfolio value at the time of receipt of the investment instruction.
- No private funds or private company shares, including shares in a company where the Member, or a related person is a controlling shareholder.
- No direct immovable property assets are permitted.
- Derivative products or instruments for speculative purposes are not permitted, aside from those used within a CIS or fund(s) (excluding hedge funds or highly leveraged funds), or within existing structured products, which provide a level of underlying guarantees.
- Direct crypto-currency investments or collective investment schemes or funds heavily invested in crypto currency or cannabidiol or similar are not permitted. Additionally direct holdings of commodities are not acceptable.
- Fixed deposit interest account(s) may be acceptable, provided that the option to break-out of the fixed term is evidenced when submitting the instruction and the Member is aware a break-out penalty may apply. For short term fixed interest deposits (up to 6 months) where an early break-out option is not available, a maximum of 40% of the Members Portfolio will be considered.

Additional requirements

- Investments must be classified as suitable for a retail individual.
- Non-Retail investment(s) will only be considered at the discretion of the Trustees, where requested by the Member and if the requirements for the assessment of professional member, as defined in the relevant Maltese Pension Rules have been met.
- For the purpose of ensuring the Members Portfolio is properly diversified, the Portfolio as whole should be constructed to avoid exposure to any single asset (excluding a CIS or funds) sector or region.
- All new investment purchase instructions must be for clean investments.
- Acceptance or rejection of an investment is at the discretion of the Trustees, having carried out a reasonable assessment and as outlined in the Investment Policy in the Scheme Particulars

Important to Note

The Scheme is a Member Directed Scheme in respect of investments. This means that the Member has responsibility for directing how their Portfolio and individual investments are invested. Members must appoint either a licensed regulated Investment Adviser and/or Investment Manager to assist them when directing their investments.

The Member and their appointed Investment Adviser/Investment Manager must ensure that all investments instructed are in line with the Investment Guidelines and the Scheme Investment Policy as outlined in the Scheme Particulars.

Members should be aware that the value of investments can fall as well as rise and are not guaranteed. Past performance is no guide to future performance.

The Trustees strongly recommend regular ongoing investment review meetings are held by a Member with their appointed Adviser and/or Investment Manager each year to review their Portfolio. This enables a Member to monitor the performance of their Portfolio on an ongoing basis and to ensure the Portfolio remains aligned to the Member's retirement goals and risk profile. Organising regular review meetings are the responsibility of the Member and their appointed Investment Adviser or Investment Manager to arrange. The Trustee or Administrator does not accept any liability for any impact on a Member's Portfolio or performance of the Portfolio by failing to hold regular investment review meetings or failing to take any action required over this time.

We encourage Members to also monitor their Portfolio including the individual investment values and investment transactions and fees, on an ongoing basis by:

- Accessing the Members Investment Provider online investment portal
- Accessing the Momentum Member Portal or
- Requesting a valuation statement and transaction statement from their Investment Adviser/Investment Manager or from Momentum directly.

12. Investment Guidelines (continued)

Further information in relation to monitoring a Member's Portfolio can be found in the Investment Policy section of the Scheme Particulars which can be accessed here. There are a range of ESG (Environmental, Social, and Governance) Investment options available to invest in through CIS, funds and/or other investment types should a Member wish to do so. Members can seek advice from their Investment Adviser or through their Investment Manager regarding ESG investment options. These Investment Guidelines do not override any additional legal requirement imposed on the promoter of an investment or Investment Adviser/Investment Manager, regarding any contractual requirement or any client classification rules imposed under law or regulation in the jurisdiction of the investment product manufacturer/fund manager and/or under the Members current jurisdiction at the time of promotion and/or investment. It is the responsibility of the Member and the Investment Adviser/Investment Manager to ensure any such requirement(s) are fully met before directing any investment.

I confirm that where any benefits being transferred are from a Defined Benefit UK Registered Pension Scheme(s), I have read and understood the Momentum Gibraltar Pension Plan Scheme Particulars document, in particular pages 4 to 6, which detail the different types of benefits available to me under the Momentum Gibraltar Pension Plan.

It is understood that the existing Investment Manager or Operator of the transferring Scheme will be responsible for the collection of all outstanding dividends and tax reclaims, together with the realisation of all such rights and entitlements in respect of the assets transferred and for passing these on to the receiving Scheme.

Where the payment(s) made to Momentum Pensions (Gibraltar) Limited represent(s) all of the funds under the transferring scheme detailed above, then payment(s) made as instructed will mean that I shall no longer be entitled to receive pension or other benefits from the Scheme(s) detailed in this section.

I confirm that I have not been recommended to transfer by, or received any advice in relation to the transfer from, a representative of Momentum Pensions (Gibraltar) Limited.

17. UK Registered Pension Scheme - Defined Benefits and Safeguarded Benefits - Important Information

Where you choose to transfer your UK Registered Pension Scheme that holds Defined Benefits or Safeguarded benefits to a QROPS, you are giving up your future entitlement to a guaranteed pension benefit and other associated benefits as outlined below. You will not be able to reverse this transfer once your current Scheme(s) processes your request to transfer.

It is a legal requirement that for transfers from UK Registered Pension Scheme that holds Defined Benefits or Safeguarded Benefits, over £30,000 that specialist advice is sought.

Prior to transferring these benefits, you should have reviewed in depth the Pension Transfer Specialist Advice and considered the following key points with the pension transfer specialist advice and in discussions with your adviser. Please note this is not an exhaustive list and that Momentum Pensions (Gibraltar) Limited are not able or authorised to provide you with advice regarding the transfer of benefits.

- As a Member of a Defined Benefit scheme you are guaranteed a certain level of pension income payable for life to you from when you retire.
- Your Scheme may also allow you to retire early on a reduced guaranteed pension or provide the full level of guaranteed pension to you if you retire earlier due to ill health.
- Your Scheme may also provide for a guaranteed level of benefits to your beneficiaries in the event of your death.
- From the date you ceased to be an active Member of your Defined Benefit scheme, your pension benefits may increase annually with the aim of keeping pace with inflation.
- If you have an entitlement to a protected early retirement age or are registered with the HMRC for enhanced protection or a protected/enhanced tax-free cash entitlement under your current Scheme, this may be lost on transfer.
- Where a UK Defined Benefit Scheme becomes insolvent the Scheme will have access to the UK Pension Protection Fund providing a degree of protection for your guaranteed benefits.

Under a QROPS, the value of your pension benefits on retirement are not guaranteed and are based on the performance of your investments, the fund value at the point you elect to take benefits and annuity rates at that time, if you decide to buy a pension.
